Experience

UX/UI Designer

January 2024 — Present

SPVIE Assurances · Permanent

- BigBroker CRM and LeadFactory designed from scratch; redesign of the B2B2C journey (~15 steps, quote → pricing → subscription → e-signature) and of the policyholder area (desktop & mobile).
- Set up an AI-assisted design environment (Claude Code) wired to the design systems of the group's brands: full pages produced in minutes, already on the right art direction.
- Acquisition & conversion: broker landing pages, conversion-oriented funnels, A/B testing and behavioural analysis (ContentSquare).
- SPVIE brand guidelines redesign — identity, type and colour system, product and marketing applications — and art direction of the Agir Pour Toutes website.
- Scalable multi-product design system, Figma files reorganization and contribution to the UX/UI roadmap.

CRM UX · B2B2C · Design System · Art direction · Acquisition · AI workflows

Digital Consultant / Project Manager

July — December 2023

SPVIE Assurances · Consultant then permanent

- Led cross-functional digital projects across business, product and IT teams; upstream functional scoping of each workstream.
- Operational bridge between decision-makers and technical teams; spotting process inefficiencies and rolling out suitable tools.

Project management · Scoping · Cross-team coordination

Communications Manager

October 2020 — October 2022

BPI Group / LHH · Apprenticeship

- Rebrand of the visual identity and corporate website in a brand-modernization context.
- Site structure and content architecture (UX-driven), SEO audit and improvement recommendations.
